

## Combining Designs & Editing

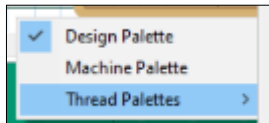

1. Open Tajima Writer Plus
2. Edit > Select Hoop > Standard Hoop > Tubular > Tubular 300 x 200 > OK.
3. Select Design  Accents > Accent 009 > Select.
4. Click on a corner box and drag to enlarge the design. Use keyboard arrow keys and move design to center.

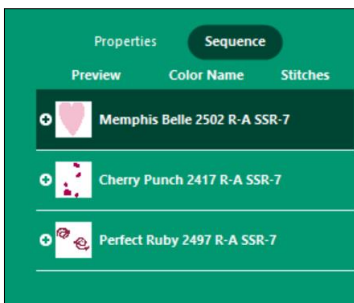

5. Open Properties and Sequence window by clicking on white arrow on right of screen.  
Note: Make sure you have turned this on > View > Toolbars > check mark beside Properties and Sequence.

6. Click on Sequence > select heart design > ungroup.  You will see the design breakdown into different color segments.

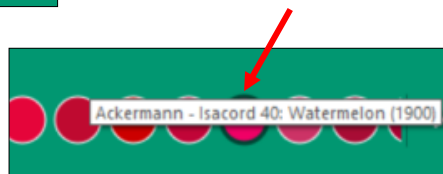

7. Click on Thread Palette  on lower tool bar.
8. Thread Palettes > Isacord 40.

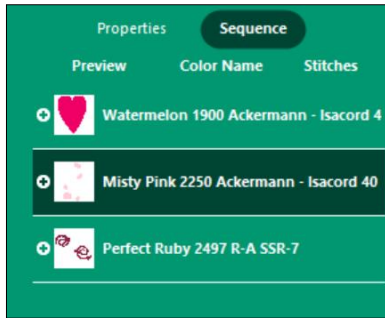

9. Sequence window > Select heart.

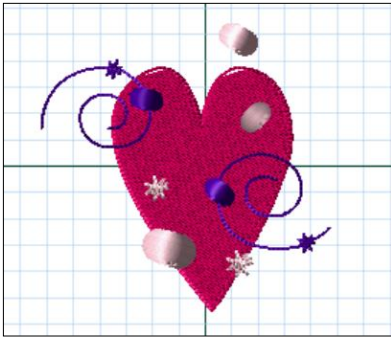

10. Select Watermelon

11. Select the second set and change to a lighter color such as Misty Pink.

12. Select the third set and change to a darker color such as Midnight Blue.

13. Select the heart (select all)

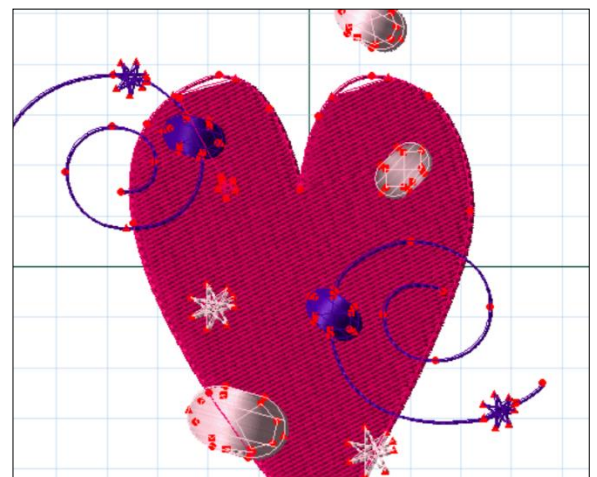

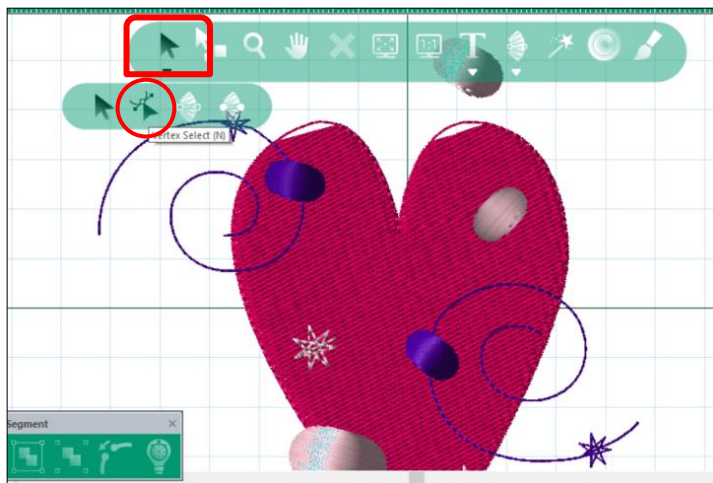

Click on Zoom.

Another option to zoom, use the wheel on your mouse.

on your mouse.

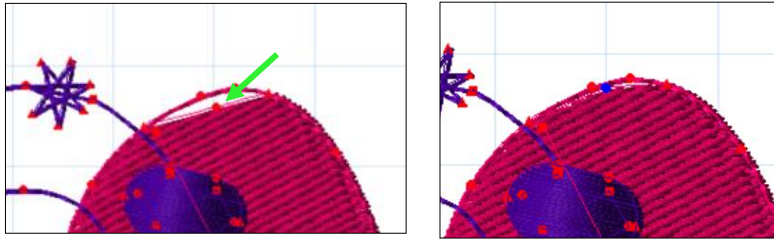

14. Click on Select Tool > Vertex Select. The nodes (called Vertex) are now visible for editing.

15. Click on the red vertex > hold and drag node to close up the stitch hole. Repeat for other side.

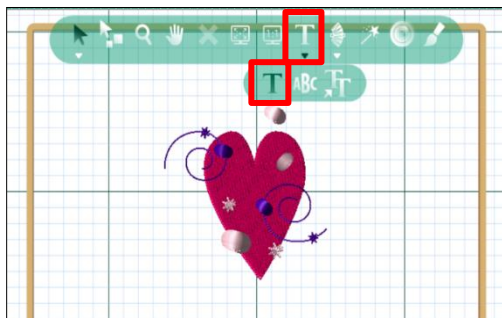

# Tajima Writer Plus

Note: Right click on the area you need to add a vertex and select add vertex. You can also right click and delete a vertex.

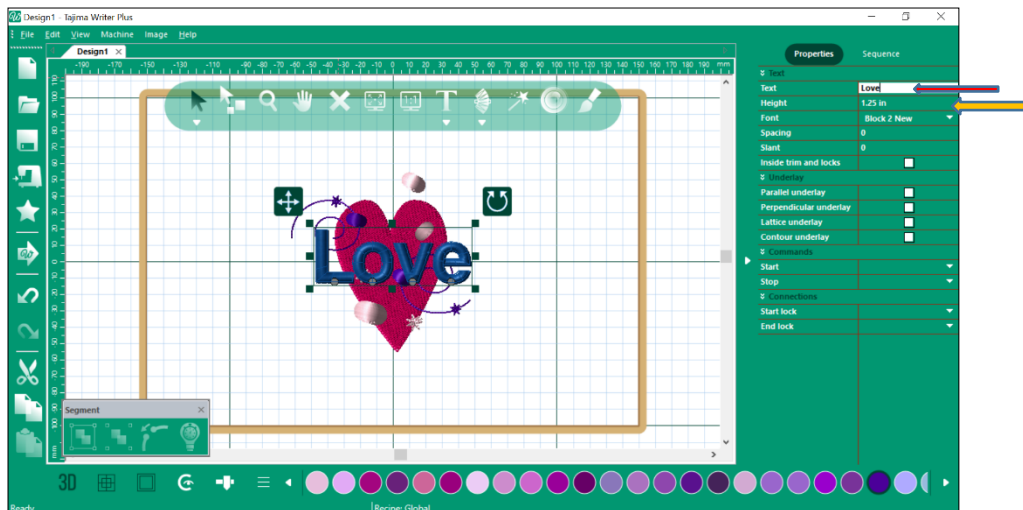

16. Fit to screen. Deselect the design.

17. Click on Text > Add Text.

18. The word Text will appear on your screen. In the Properties window, click on Text and type in Love > Click on Height and change to 1.25 > text disappears and love appears on the screen. Move lettering to top of screen and center. Choose a thread color at bottom of screen.

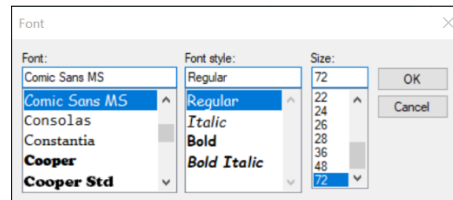

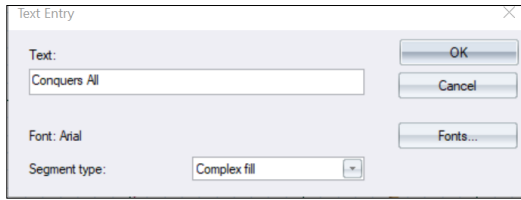

19. Click on Text > True Type Fonts.

# Tajima Writer Plus
